

XMMatrixPerspectiveOffCenterRH

```
graph LR; A[XMMatrixPerspectiveOffCenterRH] --> B[XMScalarNearEqual]; A --> C[XMVectorSet];
```

A diagram showing a central node on the left, 'XMMatrixPerspectiveOffCenterRH', which is a dark gray rectangle. Two blue arrows originate from its right side. The top arrow points to a white rectangle labeled 'XMScalarNearEqual'. The bottom arrow points to a white rectangle labeled 'XMVectorSet'.

XMScalarNearEqual
