

XMVectorExp

```
graph LR; A[XMVectorExp] --> B[XMVectorExp2]; B --> C[XMVectorDivide];
```

A flowchart illustrating a sequence of three operations. The first operation, 'XMVectorExp', is highlighted with a gray background. A blue arrow points from it to the second operation, 'XMVectorExp2', which has a white background. Another blue arrow points from the second operation to the third operation, 'XMVectorDivide', which also has a white background. All three operations are contained within rectangular boxes with black borders.

XMVectorExp2

XMVectorDivide
